About our nursery

Every day at Hermitage, we inspire our children to be curious, imaginative, and confident in our nurturing and engaging learning environment. Through play, exploration, and creativity, our children quickly develop a genuine love of learning and a curious mind. Our cosy, home-from-home environment provides a safe and secure space where our children feel valued and at ease. Backed by a team rich in early years experience, we tailor every learning experience to suit each child's individual journey—supporting their development every step of the way.

We are passionate about outdoor learning, and our dedicated Forest School sessions are a highlight—led by our experienced Forest School teacher, these experiences help children connect with nature, build confidence, and develop key life skills.

We take great pride in our close collaboration with families and professionals, including health visitors, area SENCOs, and speech and language therapists. This partnership approach ensures each of our child's unique needs are met and that their transition to school is smooth, supported, and joyful.

Who & What is Storal?

It's our collective group of Nurseries that we are happily a part of here at Hermitage. Storal stands for high quality outcomes for children and are passionate about Early Years. Bringing your whole self is a must if that's pink hair, being Neurospicy or having a unique pastime, we encourage it all. Your unique self is what makes our Nursery even better. Check out our website to learn about our leaders and the expertise they bring to our Storal community.

About the role:

As a Nursery Practitioner, you will be a key part of keep our children safe, loved and inspired to learn. Key activities include:
